SATURDAY, March 28-6 P. M. Money is in fair demand at 6 per cent on stocks. Mercantile paper of the highest grade is current at 51/4 a 7 per cent.

at 5% a 7 per cent.

Gold was higher to-day. It sold as high at one time as 143%, and closed 143% bid. The exchange narket was not so strong; it was difficult in the orning to sell the best bills at 156; later in the day the rate was 156%.

The stock market was better this morning. The

recent decline appeared to have brought in new buyers. At the morning board Pacific Mail rose 2, New York Central 1, Eric 1/2, Eric preferred 1¼, Hudson ¾, Harlem ¾, Harlem preferred 1¼, Pittsburg ¾, guaranteed 2, Rock Island ¼, Tole-The bears continue to offer their options, short interest is probably as large as it was before the recent decline. Governments were steady: bonds rather inactive. At the one P. M. call the market was sluggish, and with a few excep-tions prices were lower, under the offerings of operators for a decline. In the afternoon the market was slightly better again. Erie and Pittsburg se 1/2 each, and the Harlems were very strong. At the close the following were the quotations:-

E. F. Salterthwaite's circular per Asia says:—
Since our last business in American securities in London has been interrupted by two holidays. There has,
however, been a fair amount transacted. The recent
advices from America reporting exchange up to 188,
without a corresponding increase in the quotations for
securities, have caused a stoppage of the late demand for
United States bonds; the same cause has had the effect of
depressing Erie and limitors shares 22 per share. In railroad bonds there have been few transactions, except in
Atlantic and Great Western first mortgage (Pounsylvania
section), the price of which is firmly maintained.

The Bank of France return, published in the Moniteur, gives the following results as compared with those of the previous month:-
